SPECIAL RELEASE

CONSUMER PRICE INDEX FOR ALL INCOME HOUSEHOLDS IN REGION V JUNE 2020 (2012=100)

Date of Release: 13 July 2020

Reference No. 2020-018

PRICE SITUATION: YEAR-ON-YEAR

The Bicol Region's inflation rate in June 2020 accelerated to 4.3 percent from 2.9 percent in the previous month. Inflation in June a year ago was slightly lower at 3.0 percent.

The step up in inflation in June 2020 was attributed to the Inflation Rates of the following Commodity/Service groups: Alcoholic Beverages and Tobacco (32.5 percent from 31.3 percent), Transport (23.3 percent from -6.0 percent), Recreation and Culture (2.4 percent from 2.3 percent), and Restaurants and Miscellaneous Goods and Services (2.6 percent from 2.2 percent).

Food and Non-Alcoholic Beverages (2.2 percent from 2.4 percent), Housing, Water, Electricity, Gas and Other Fuels (2.6 percent from 3.7 percent), Health (2.2 percent from 2.5 percent), and Education (5.4 percent from 8.5 percent) were the commodity groups to go down.

Clothing and Footwear (3.0 percent), Furnishings, Household Equipment and Routine Maintenance of the House (2.9 percent), and Communication (0.5 percent) retained their previous month's annual growth rates.

Inflation Rate in Catanduanes is the highest in the region at 6.8 percent. Albay and Camarines Norte posted higher inflation rates than that of the region, at 5.8 percent and 4.7 percent, respectively. Camarines Sur posted the same inflation rate as the region at 4.3 percent. Masbate and Sorsogon posted lower than that of the region at 0.8 percent and 3.8 percent, respectively.

PRICE SITUATION: MONTH-ON-MONTH

On a month-on-month basis, general prices of consumer items went up at 1.4 percent from 0.2 percent last month.

The movement was due to the increase in inflation rates of these commodity groups. Alcoholic Beverages and Tobacco (1.5 percent from 0.5 percent), Clothing and Footwear (0.2 percent from 0.0 percent), Furnishings, Household Equipment and Routine Maintenance of the House (0.2 percent from 0.1 percent), Transport (29.3 percent from 0.3 percent), Recreation and Culture (0.4 percent from 0.0 percent), and Restaurants and Miscellaneous Goods and Services (0.3 percent from 0.2 percent).

On the other hand, inflation rates went down on the following Commodity/Service Groups: Food and Non-Alcoholic Beverages (-0.4 percent from -0.1 percent), Housing, Water, Electricity, Gas and Other Fuels (-0.5 percent from 1.0 percent), and Health (0.1 percent from 0.2 percent).

Communication and Education both remained the same at zero percent.

With all the observed price changes in CPI, the Purchasing Power of Peso in Bicol went down to 0.79. Albay stood at 0.78, Camarines Norte at 0.77, Camarines Sur at 0.78, Catanduanes at 0.79, Masbate at 0.81, and Sorsogon at 0.85.

May 2020 and June 2020
(2012=100)**

DEFINITIONS AND CONCEPTS

Consumer Price Index - a statistical measure of the change in average retail prices of a fixed basket of goods and services bought by a specific group of consumers in a given area in a given period of time.

Purchasing Power of the Currency or Peso (PPP) - a measure of the volume of goods and services which the currency can buy at any given period relative to that which it could purchase during the base year. It is computed as the reciprocal of the CPI for the period under review multiplied by 100.

Market Basket - the total number of goods and services in constant amounts and qualities which are samples of the goods and services available in the market and included in the construction of the index. CPI market basket was selected to represent the composite price behavior of all goods and services purchased by consumers. Composition of the 2012 market basket was determined based on the results of the 2012 update of the 2006 basket. Provinces and selected cities had own market baskets.

Base Year - it identifies the base period with which the index relates. It is a period of time chosen as reference on which a price index is computed. The index for the base year is 100.

Retail Price - the actual price at which retailers sell a commodity on spot or earliest delivery, usually in small quantities for consumption and not for resale. It is confined to transactions on cash basis in the free market and excludes black-market prices and prices of commodities that are on sale as in summer sales, anniversary sales, Christmas sales, etc.

Percent Change - the percent point change expressed as percent of the index of the earliest date.

Inflation Rate - the annual rate of change or the year-on-year change of the CPI. Inflation is interpreted in terms of declining purchasing power of money.

Note to Users:

The monthly Consumer Price Index is computed based on the average retail prices of goods and services collected **during the first week and mid-month of the reference month.**
