## CAMARINES NORTE WHOLESALE PRICE OF AGRICULTURAL COMMODITIES JUNE 2024

Date of Release: **July 19, 2024**

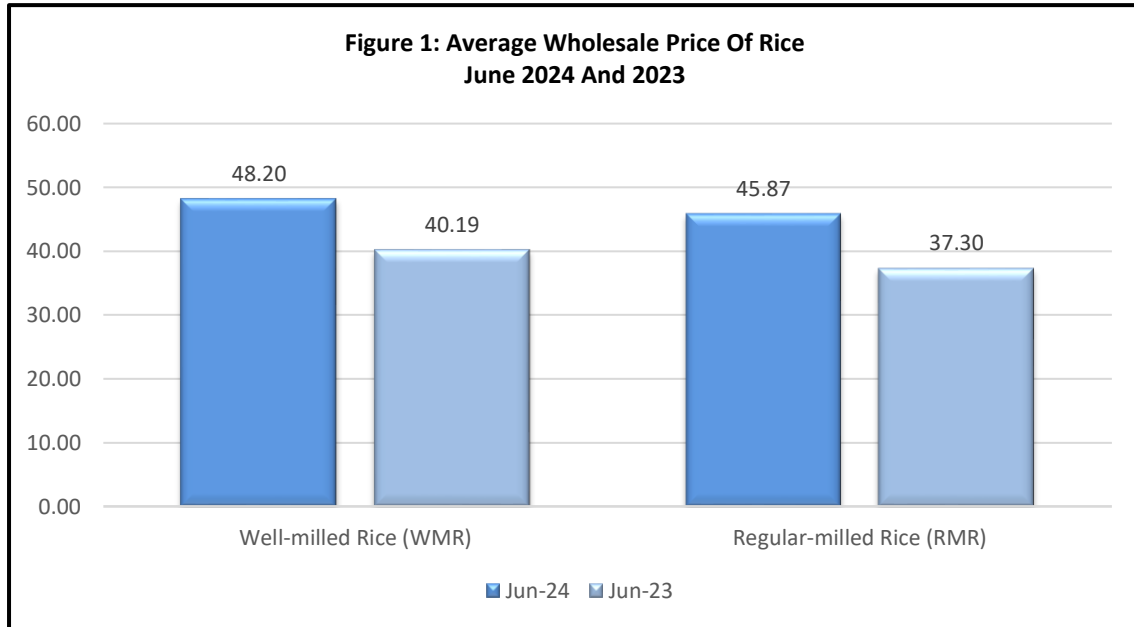

Reference No. **PSACN-SR-2024-07-048**

Wholesale selling price refers to the price of commodity transacted in bulk for further resale or processing. The PSA conducts the weekly monitoring on selected commodities to improve the marketing information dissemination not only for policy makers and researchers but also to the public and the private sectors like farmers, various market intermediaries and the consumers. Wholesale price survey is also geared towards increased market transparency so that farmers and agribusinessmen could make better marketing decisions.

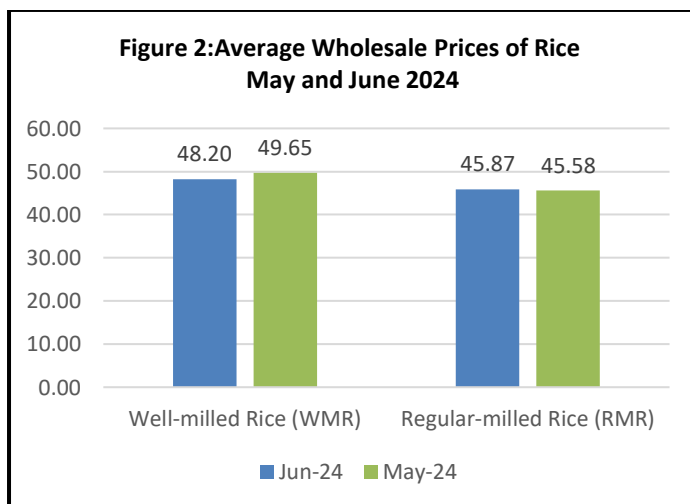

In Camarines Norte, wholesale selling prices of rice (Well-Milled and Regular Milled), rootcrops (Sweet Potato and Cassava), copra rescada, and selected marine species (Galunggong, Tamban, Tunsoy, Dilis and Pusit) were collected every Monday, Wednesday and Friday at Mercedes Fish Port, Daet Public Market and Labo, Camarines Norte. Price quotations were generated in the form of statistical tables. Respondents are those with permanent stalls or those who regularly do business in the market.
